OPEN SESSION RECONVENED
Mr. Schultz was reconnected via a phone conference at 11:11 a.m.

“Discussion of the Process for the President’s Evaluation” (under Correspondence and Information - Item Number 6) was moved up on the agenda. Ms. Laberee recommended that President Meyer come back to the Board with a recommendation on a 360 degree evaluation tool (with questions) that could be used for the evaluation. She also suggested that President Meyer identify and recommend the stakeholders for the Board’s consideration. President Meyer would like to work with Ms. Wojtkiewicz and Ms. Laberee to identify the stakeholder groups for the Board to consider. Ms. Laberee declined; however, Ms. Milbrath agreed to work with Ms. Wojtkiewicz and President Meyer. Ms. Laberee provided Ms. Olson with some 360 degree evaluation samples to forward to the Ms. Wojtkiewicz, Ms. Milbrath, and President Meyer.

The Board reviewed a list of questions for the presentations section of the agenda.

5. President’s Updates
Time was reserved for the president to provide the following updates:

A. WITC Honored for Excellence
Wisconsin Indianhead Technical College was recently honored for excellence in marketing by the Learning Resources Network. An award was given in recognition of the College’s professional catalog of continuing education courses. The winning entry effectively applied LERN recommendations for targeted marketing to reduce costs while significantly increasing response and enrollments. The entry was included in a showcase of internationally exemplary programs at the LERN annual conference in November in Savannah, Ga. Information about the submission was on display throughout the three-day conference. In addition, the winning programs will be featured in future LERN publications and on its Web site at www.lern.org.

The primary criteria judges used for those selected was being at the leading edge of the field of lifelong learning. In addition, judges also applied the following criteria: originality, innovation, appropriateness as a model for other programs, and measurable outcomes. The WITC entry was selected from more than 140 nominations from four countries.

B. Bookstore Point of Sale Update
Time was reserved for Steve Bitzer, Vice President, Student Affairs, to provide an update on the bookstore Point of Sale system. Mr. Bitzer talked about the Textbook Affordability Task Force and the benefits of purchasing the Point of Sale system. President Meyer noted that we will have a bookstore at WITC-Superior.

C. New Richmond Building Project Update
Mr. Will provided an update on the New Richmond Campus addition. We are working on hiring the construction manager and are developing the specifications.

D. Responses to Incorrect Tax Levy Information
President Meyer updated the Board on his responses to the incorrect Tax Levy information that was published in the Superior Telegram and the Northwoods Shopper. Handouts were provided at the meeting. He noted that we did not increase our tax levy by 9%; instead it was 3.8%. President Meyer called the person who published the letters and explained the situation. The gentleman was apologetic for his errors.
E. **The President's Commitment to Climate Change**

President Meyer provided an update on the President's Commitment to Climate Change initiative. He shared his position paper that was written to Lori Weyers, President of Northcentral Technical College. Due to the costs involved with the commitment and that statements contained in the commitment are scientifically unproven, President Meyer decided not to sign the American College & University Presidents' Climate Commitment.

6. **Discussion of the Process for the President's Evaluation**

Time was reserved for the Board to have a discussion on the process for the President's evaluation. *Note: This item was moved up on the agenda under “open session reconvened”.*

   *Ms. Laberee requested that in March, or in the future, administration review the process for evaluating employees (who does the evaluation, who trains, etc.).*  

**PRESENTATIONS**

**WITC Student Ambassador Presentations**

Tim Schreiner gave some background on the Student Ambassador program, noting that the program was started in 1985. He explained that the students are nominated, they complete forms, they go through a local interview by the campuses, and the campuses select a student to represent their campus. The purpose of the program is to recognize and award excellence.

The following WITC student ambassadors were in attendance: WITC-Ashland: Tucker DeWolf (Information Technology - Network Specialist), WITC-New Richmond: Steve Volkert (Automated Packaging Systems Technician), WITC-Rice Lake: Harvey Lunsman (Mechanical Design Technology), and WITC-Superior: Kelly Isaacson (Administrative Assistant and Business Graphics Certificate).
