The total score on the rubric scoring on the spreadsheet included pricing consideration. Within the 2009-12 Strategic Plan, WITC expressed our commitment to integrating renewable energy and sustainability concepts into its operation and programming. As part of that commitment, we have made every effort to reduce our energy consumption, and investigate opportunities to produce our own renewable energy as well. WPPI Energy contacted WITC to note a goal to implement a demonstration project in each of its area communities and offer funding of 80 percent of a PV
system project in the New Richmond area. WITC accepted the offer. This PV system will be used in the Power Distribution and Supervisory Systems segments of the Industrial Automation, Controls, and Networking (IACN) program curriculum at the New Richmond Campus. The College will re-bid the “A” specifications in an attempt to get more bidders and bring that part back in April. Over 500 students were trained in motorcycle safety at WITC–Rice Lake Campus in the last fiscal year.

President Meyer requested that the subcommittee not remove three of the names from the stakeholder list due to a partnership the College has with them. He also requested adding five additional names to the list. President Meyer reminded the Board that the plan was to rotate the stakeholder names each year so that we don’t go back to the same people for information each year. Ms. Olson will keep campus administration informed about Board member attendance at graduation.

D. Consider Nominations for 2012 ACCT Leadership Awards
Time was reserved for the Board to consider nominations for the ACCT Leadership Awards. Last month ACCT had not yet published their awards brochure; however, it was provided this month for the Board’s information. The awards include: Trustee Leadership, Equity, Chief Executive Officer, Faculty Member, and Professional Board Staff Member. Nominations must be received by June 22, 2012, utilizing the procedures outlined in the brochure.

As noted last month, the Board nominated Greg Brodt in 2011 for the 2012 Faculty Award. Mr. Brodt is the Information Technology Instructor at WITC–Rice Lake. In June, administration will submit his name for the 2012 award on behalf of the Board.

Lori Laberee moved, seconded by Eileen Yeakley, to nominate Kim Olson, Executive Assistant to the President and Board, for the Professional Board Staff Member Award. Upon a unanimous vote of all members present, motion carried. Ms. Laberee will work on the paperwork needed for this nomination.

Time was reserved for the President to provide an update on the following items:

A. Update on Certification Elections
Ms. Vink noted that Local 4019, Office and Technical Support Staff began their elections on March 8, which will continue through March 28. Local 395, Faculty election results have been certified in support of representation by Local 395, ATF–Wisconsin, AFL–CIO for purposes of collective bargaining. Wisconsin Employment Relations Commission (WERC) issued the Certification of Representation on March ’16, 2012.

B. Safe Vehicle Operation and Driver’s Information
Mr. Decker provided information last month on the new Safe Vehicle Operation and Driver’s Information policy and procedure that was implemented in response to the requirements of our Risk Manager, DMI, that the College ask for and maintain information on the driving history of individuals reimbursed by the College for travel. Starting this month, all employees and students requesting travel reimbursement will have their driving records reviewed (three corresponding forms were provided). We have started a transition period that will go through July 1, 2012. Mr. Decker confirmed with DMI insurance that we are no longer going to collect this information from Board members.

E. Electronic Board Book and WITC E-mail Access Review
Time was reserved for the Board to review the electronic Board book process that was put in place in February 2011 when the first electronic Board book was generated allowing the Board to go paperless. All electronic Board materials are located on the Board of Trustees Connection (intranet) for Board members to access at noon on Thursday prior to each meeting. Board members save their Board book materials to their desktops before each meeting in case there is a problem with the technology the day of the meeting; however, documents from the Board book are also displayed on a screen during the meeting. A technician is available prior to the meeting to help the Board with any technology questions they may have. Administration also provides the Board with paper copies of the agenda and summary pages at the meeting. The agenda includes specific page numbers that correlate with the supporting materials in the electronic Board book for ease and efficiency in locating documents during the meeting.

Board members felt that things are working smoothly and would like to continue with the process that is currently in place. There was a concern expressed for Ms. Olson who is taking the Board meeting minutes and projecting the Board book documents on the screen during the meeting. It was recommended that Ms. Olson take the minutes but that administration determine another way to project the documents on the screen. Some Board members noted that they have difficulty seeing the text on the computer tablet screen and other Board members have had difficulty logging onto The Connection (It has taken several tries before they are able to access the materials).

WITC e-mail addresses were previously established for the Board as recommended by legal counsel. Board members were asked to check their WITC e-mail every couple of days. Time was reserved for Board members to ask questions or recommend changes as it related to accessing WITC e-mails. Due to some difficulty that Board members are experiencing with their Outlook Web Application, Ms. Olson will check to see if Microsoft Outlook can be added to the Board tablets. As requested, Ms. Olson will use the Board member personal e-mail addresses to make them aware of urgent information that is in their WITC e-mail.

As needed, Ms. Olson (or a technician) can answer specific Board member questions about the technology and/or accessing their Board materials and WITC e-mails.

F. Computer Tablet Design
President Meyer brought to the Board’s attention a possible flaw in the design of the computer tablets they are using. If the computer screen is not square to the peg inserts on the computer as it is being closed, the screen will crack.

G. Legislation Affecting Technical Colleges
President Meyer had no additional updates.

H. UW Task Force Update
Time was reserved for President Meyer to provide an update on his attendance in Madison on March 7 relative to the UW Task Force. One of the topics was on how to improve credit transfers and make the process consistent across the system.
I. NorthWERD Signing Event Update
Northwest Wisconsin Educators for Regional Development (NorthWERD) is a consortium consisting of leaders from the Cooperative Educational Service Agency 12 (CESA 12), Lac Courte Oreilles Ojibwa Community College (LCOOCC), Northcentral Technical College, Northland College, UW-Barron County, UW Colleges, UW-Extension, UW-Superior, and Wisconsin Indianhead Technical College who have partnered to pursue strategic initiatives that enhance educational attainment and economic development in the region.

A signing event is scheduled on Wednesday, March 28, beginning at 9 a.m., at the Lac Courte Oreilles Ojibwa Community College Main Campus Auditorium. An invitation was sent to approximately 400 people the beginning of March.

The Board should have received an invitation. Vice Chair Beistle suggested that there be a Board representative at this event. Ms. Laberee will represent the Board at the NorthWERD signing event.

J. STEM Event Update
We are organizing two regional STEM (Science, Technology, Engineering, and Math) meetings. Last week invitations were sent to approximately 2,650 people requesting their attendance at the meeting scheduled on Wednesday, April 4, at the WITC—Superior Campus, or the meeting scheduled on Thursday, April 5, at the CVTC—Manufacturing Education Center in Eau Claire. The purpose of these regional STEM meetings is to gather input from a wide cross section of STEM stakeholders. The input will be gathered through a series of facilitated reflective questions. The ideas and recommendations we acquire from these discussions will serve as the basis for our Wisconsin STEM roadmap report, which will be used to foster future development of STEM education throughout Wisconsin. Tom Still, President of the Wisconsin Technology Council (Wisconsin Innovation Network) will be creating the Wisconsin STEM Roadmap.

The focus of the STEM meetings will be to gather input across the following four themes: 1) Leverage STEM education as a valued outcome for all Wisconsin students, 2) Build awareness for the value of STEM as a supporting educational pathway for academic and economic success, 3) Promote STEM skills as an economic advantage for the Wisconsin workforce talent pipeline, and 4) Provide resources and experiences for all PreK–16 educators to develop STEM knowledge and skills.

President Meyer said the Board should have received an invitation to this event. It was recommended that we have Board representation at the April 4 meeting in Superior. Ms. Laberee noted that she is leaning toward attending the April 4 meeting. Mr. Veilleux might be able to attend. Board members were asked to communicate their plans to attend with Ms. Olson. President Meyer is working with President Bruce Barker at Chippewa Valley Technical College and President Barker will probably have one of his Board members at the April 5 meeting. Ms. Laberee will provide the names of the people who work in her organization with STEM so we can get them on our list and send them an invitation.

K. Academic Quality Improvement Program (AQIP) Systems Appraisal
Ellen Riely Hauser, Associate Vice President, Institutional Effectiveness, provided a brief overview of the Systems Appraisal. The AQIP Systems Appraisal Feedback Report and a PowerPoint presentation were provided for this update. President Meyer complimented Ms. Riely Hauser for her leadership on this project and she received a round of applause.

Morrie Veilleux moved, seconded by James Schultz, to accept the report as presented as it relates to the interpretation of the ENDS statement for the President's annual evaluation. Upon a unanimous vote of all members present, motion carried.
5. **Legislative Updates**
   *Vice Chair Beistle moved to this item at 10:34 a.m.*

A. **Representative Roger Rivard Update**

Representative Rivard of Rice Lake provided the Board with a brief legislative update, with time for questions and answers following the update. Some of the key updates were as follows: Board composition, trends in technical education related to bringing technical education into the schools, workforce paradox (we have high unemployment but can’t fill the jobs), getting K-12 students exposed to the programs in our buildings, WiscNet, and changes to eligibility for payments from the Wisconsin Retirement System.

*The Board moved back to the remaining Correspondence and Information agenda items.*

6. **District Boards Association Nomination Recommendations for Association Officer Positions**

The District Boards Association's 2012 Nominations Committee requested the WITC Board's assistance by identifying any member they would like to be considered for nomination as a candidate for Association president, vice president, or secretary/treasurer. WITC Vice Chair Beistle and District Boards Association Committee member recommended that the Board submit the following current officers as nominees: Patrick Costello (Mid-State) for President, Russell Moyer (Southwest Wisconsin) for Vice President, and Fred Royal, Jr. (Milwaukee) for Secretary/Treasurer. This year’s election of officers will take place at the Association's annual meeting on Saturday, April 21, 2012, in Wausau, Wisconsin. A response is needed by Thursday, March 31. Additional information from the District Boards Association was provided in the Board book.

Lori Laberee moved, seconded by James Schultz, to approve Vice Chair Beistle's recommendation to submit the current officers as nominees for the District Boards Association. Upon a unanimous vote of all members present, motion carried.

On behalf of the Board, Ms. Olson will send a letter regarding the nominations to the District Boards Association.

ACCT has announced its call for presentations for the 43rd Annual Leadership Congress, which is scheduled on October 10–13, 2012, in Boston, Massachusetts. Information from ACCT was provided in the Board book for the Board’s information. All proposal submissions must be received by Monday, April 30, 2012, and should specifically address one of the following six tracks: partnerships, evidence, innovation, financial reality, equity and diversity, and effective governance. Some ideas that have been generated are the WILM consortium, Strategic Planning/Policy Governance, and Program Viability. Time was reserved for further discussion on this item.

President Meyer requested feedback from the Board on what to write up for the ACCT proposal. Ideas were recommended and the Board consensus was for President Meyer to write a proposal on what our College has done with Strategic Planning and Policy Governance so that other technical colleges can benefit. President Meyer will have a draft proposal for the Board at the next meeting. President Meyer noted that any time the College makes a presentation it should be made with administration and Board member representatives.

**ESTABLISH BOARD AGENDA ITEMS FOR FUTURE MEETINGS**

1. **Review Meeting Dates, Locations, and Start Times**
