The President’s Cabinet presented a progress report on the 2012–2015 Strategic Goals for the Board. A PowerPoint presentation was provided for the Board. The link below was provided for the Board to access the full 2012–2015 Strategic Plan on the WITC Web site as needed. http://www.witc.edu/planningcontent/pdfs/stratplandraft20122015.pdf

President Meyer reviewed the Mission, Vision, and Values, Learning College Tenets, One-College definition, and the President's Cabinet Roles and Responsibilities.
2012–2015 Strategic Goals Progress Report
Bonny Copenhaver, Vice President, Academic Affairs and Superior Campus Administrator, talked about online learning and a career pathway model that allows learners of all abilities to achieve credentials and meaningful employment. We piloted an online readiness module and now have a handbook for our online instructors. We are also taking our degree and technical diplomas and breaking them into short-term certificates to have something that is marketable.

Craig Fowler, Vice President, Continuing Education/Executive Director, Foundation, and Rice Lake Campus Administrator discussed efforts to improve Continuing Education communications. They found that there was a lack of attention given to our adjunct faculty and therefore they are not connected. An inservice was offered at all four campuses and the two outreach centers via IP video technology. There were 150 people in attendance to talk about things like student privacy and some items covered by Human Resources. They would like to have this inservice once a year.

Steve Decker, Business Operations Manager of Cooper Engineering Company, Inc. and part–time WITC employee talked about what Finance and Business Services is doing to improve internal Business Office processes to make them more efficient and user friendly. Some of the tools being used are ImageNow, which takes all invoices from vendors and routes them through a very efficient online process. In addition, we implemented Sci Quest, which is an e–procurement system that ensures that colleges are in compliance with state rules on procurement.

Cher Vink, Vice President, Human Resources and Employee Relations, talked about the Collegewide Professional Development Plan and opportunities for employees. We have an electronic process to track professional development. Human Resources had 73 unique activities for 2,700 employees. The Human Resources Connection has been expanded for staff to review documents and forms. They collaborated with Continuing Education on a handbook for adjunct faculty. The general orientation has become more efficient and the faculty orientation has been expanded so that faculty can leave orientation and teach a class using the technology. They have standardized an online safety training program. They have a new faculty mentoring program in their first semester at WITC. They are exploring the possibility of doing mentoring for other positions (staff support, management) and building this into our professional development process. The next step is an assessment to see if there are any gaps in competency.

Ellen Riely Hauser, Vice President, Institutional Effectiveness, is working on developing a plan for more proactive communication of institutional effectiveness data to internal and external stakeholders. The FTE & Enrollment Report is now e–mailed quarterly to all staff. A link was provided to the Accreditation Web site and Program Accreditation information.

Joe Huftel, Vice President, Instructional Technology and New Richmond Campus Administrator, highlighted ways that we continue to align site safety protocols and standards as well as developing the WILM Strategic Plan. We have a different safety theme each month; for example, in September we had a lockdown drill, October was Fire Prevention Safety Month, and in December we talked about slips, trips, and falls to decrease exposure and risk. We instituted a new system for lockdown procedures and trained our front line staff on putting the building on lockdown. The RAVE and Alertus system that has been implemented. We also introduced some table top exercises for employees to work through potential safety scenarios and these will be done Collegewide. The first WILM Strategic Planning meeting was held with our Student Affairs leadership on Friday and focused on the need to do the following three items: 1) Document and track non–WILM initiatives, 2) Develop and look at a realistic model for prioritizing initiatives, and 3) Develop a process to track and analyze data to support data–driven decision making.

Steve Bitzer, Vice President, Student Affairs talked about increasing enrollment directly from the high schools. We are looking at our processes and procedures on how we are structured and organized to increase the enrollment, and then we can work on creative ideas. A handout was provided.

Chair Veilleux thanked President Meyer and President's Cabinet for coming today. The Board gave the Cabinet a standing ovation and applauded them for their leadership.
Dave Minor moved, seconded by Jean Serum, to receive the 2012–2015 Strategic Goals Progress Report as it related to the interpretation of the ENDS statement for the President’s annual evaluation.

A. Board Member Orientation Debriefing
Time was reserved for Board Member Orientation attendees to debrief on the orientation that was conducted for Mr. Gerber on November 18, 2013, following the regular Board meeting. There were no recommendations regarding future changes to the Board Member Orientation. Mr. Gerber thinks the orientation has to be done. Chair Veilleux noted the orientation went fine.

B. District Boards Association Meeting Materials Posting Update
The District Boards Association posts their meeting materials on their Web site after each meeting. Therefore, when meeting materials are shared at WITC Board meetings, there is no longer a need to scan those materials to be archived in the Board Only Resources folder. The following link to the Fall 2013 District Boards Association session handouts was provided:
http://districtboards.org/Articles/ArticleView.asp?articleid=717&lid=0&skey=guest

2. Travel Sign Up
A. Board Events Schedule
Time was reserved for the Board to update administration on their plans for upcoming Board events. A copy of the Board Events Schedule was routed during the meeting for Board members to update by recording their plans to attend (or not attend) the meetings and events listed on the form; or, to contact the Executive Assistant as soon as plans are confirmed. Chair Veilleux requested that the Board report any changes on the Board Events Schedule to Ms. Olson. Links to the District Boards Association future meetings, National Legislative Summit, and the Association of Community College Trustees (ACCT) future meeting information were provided.

3. Monitoring Schedule Review and Updates
A. Monitoring Schedule
Time was reserved to review and update the Board Monitoring Schedule as needed. There were no recommended updates.

4. President’s Updates:
Time was reserved for the President to provide an update on the following items:

A. Quality Improvement Steering Committee (QISC) Update
The QISC met on December 2, 2013, to review the 2015–2018 Strategic Planning feedback (from the 2013 forums and surveys) and to determine key themes in the following 6 categories: 1) Student Focused, 2) Partners and External Stakeholders, 3) Staff Support and Development, 4) Leadership and Communication, 5) Planning and Implementation of Continuous Improvement, and 6) Other/Unknown. A rough first draft of the themes was provided for the Board’s information. A second QISC meeting is scheduled on January 22, 2014, to finalize the themes and review the Strategic Goals, Mission, Vision, Values, and Tenets. A third meeting is scheduled on February 3, 2014, to do some planning for the 2015–2018 Strategic Plan report to the College at the inservice on February 26, 2014. The information will then go to the divisions and then back to QISC for review.

B. Program Advisory Committee Information Update
President Meyer informed the Board that throughout the year WITC will collaborate with 82 advisory committees representing all associate degree, diploma, and certificate programs, as well as Federal project service areas. There are 787 advisory committee members representing business and industry, public service agencies, and other educational institutions that meet with our staff. As requested by the Board in the past, the most recent advisory committee lists by location have been posted in the Board of Trustees “Board Only Resources” folder.
C. New Electronic Board Expense Form Update
A new electronic Board Member Expense form for each individual Board member, complete with name and home address information, was posted on the "Board Only Resources" folder for Board members to utilize. The form is an Excel spreadsheet that can be saved as a PDF file on the Board member’s desktop and e-mailed to Ms. Olson to process. Itemized receipts can also be scanned and e-mailed to Ms. Olson, or submitted at the meeting. A paper copy of the new form was available at the meeting. When using the electronic form, the round trip mileage is automatically calculated based on the Board member’s home address, but can be changed and manually entered if traveling from a different location. When clicking in the fields on the form, a drop-down menu will appear and selections can be made. Warnings will appear when the amount exceeds the maximum amounts allowed for meals when traveling in or out of the district (the maximum meal amounts are noted near the top of the expense form). The column totals will automatically be calculated when completing the form online. A signature is not needed when submitting the form via e-mail to Ms. Olson since the e-mail identifies the Board member and authorizes Ms. Olson to process the expense form and the receipts that are submitted.

D. Vice President, Finance and Business Services Search Update
Time was reserved for administration to update the Board on the Vice President, Finance and Business Services search. President Meyer noted that Ms. Vink has done a great job getting a pool of applicants for the vacant VP position. Ms. Vink updated the Board on the first-round recruiting process, noting that there were 27 of 29 applicants forwarded to the screening committee, with 8 applicants scheduled for interviews; however, only 3 interviewed and the 11 member committee determined that we didn’t have a strong enough candidate pool. The search was reopened and 40 of the 58 applications received were forwarded to the screening committee. The committee met on December 6 and 10 applicants were invited for interviews on December 18–19, 2013. If the screening committee moves final candidates forward, the Cabinet is scheduled for final interviews on January 7, 2014. President Meyer thanked Mr. Decker for coming to the meeting today.

5. Legislative Updates
There were no updates.

6. 2014 Media Award – Call for Nominations
The District Boards Association is encouraging each district to consider providing a nomination for the District Boards Association’s annual Media Award competition. This is an excellent opportunity to recognize media coverage of our district’s service to its communities and learners. The 2014 Media Award nomination materials were included in the Board book for the Board’s early review. President Meyer will bring back a recommendation in January from Beth Lyden, Director of Marketing and Recruitment, for the WITC Board’s consideration. Nominations must be received by February 3, 2014. The award will be made during the Association’s spring meeting on April 24 – 26, 2014, in Green Lake, WI.
