

Requesting and Installing Microsoft Office 365 Pro Plus

Office 365 Pro Plus is the latest version of Microsoft's Office software available through Office 365. It is offered as a free download to students currently attending WITC. The software can be downloaded and installed on 5 personal PC devices. Office 365 Pro Plus also allows you to use the Microsoft Office Apps for Android phone and iPhone on 5 devices.

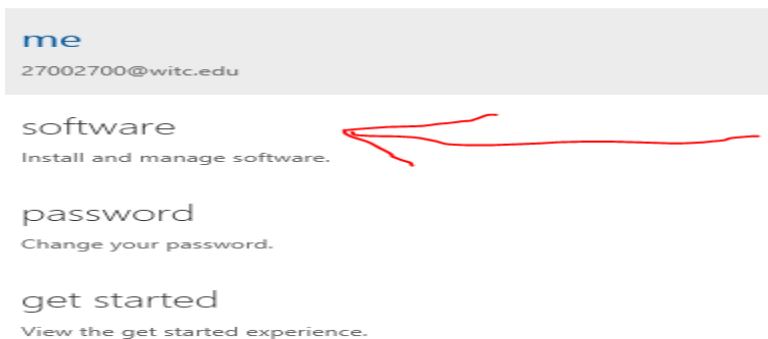

The directions below explain requesting a license and how to download Office to a PC device.

- To download Office Pro Plus access your student email. Then click on the menu cog in the right corner and select Office 365 Settings.

- From the Office 365 settings menu select Software.

Office 365 settings

- From the Software page, make sure Office is selected from the left side menu. The default install options are selected. You can select a different language or the 64-bit version if needed. You also have the option to download Office Professional Plus 2010.
- To continue with the Office 2013 install, just press the install button.
