2014 High School Counselor Financial Aid Workshops

The Wisconsin Association of Student Financial Aid Administrators (WASFAA) is pleased to invite you to our 2014 workshop series happening at locations around the state AND online!

Financial aid administrators along with personnel from the Higher Educational Aids Board (HEAB), the Department of Public Instruction, and Great Lakes Higher Education Guaranty Corporation have pooled their expertise and resources to make these workshops informative and useful.

**New for 2014!!**

We’re making changes to the format of our workshops to better respond to YOUR needs. We’ll cover changes for the 2015-16 academic year, regular processing updates, and information and updates for the state programs. In addition, we will address the following topics:

- How to compare financial aid offers
- Having difficult discussions about college costs
- Common issues/problems students may have with the FAFSA
- Available resources for you and your students
- Case study examples

There will be plenty of time for your specific questions and to share best practices with one another. Workshops are held from 8:30 a.m. until Noon, with registration opening at 8:00 a.m.

REGISTER ONLINE by September 19th
