## **1 INTRODUCTION**

### **1.1 Purpose**

The Wisconsin Legislature and the U.S. Congress have passed numerous laws which require colleges and universities to provide written information about their experience and policies regarding safety and security, alcohol and drugs, student misconduct and campus crime. The laws are not intended to frighten, but rather to inform students and employees about the environment in which they study and work.

The Wisconsin Indianhead Technical College (WITC or College) strives to maintain a campus environment that is safe and supportive of the educational process. The information contained in the Right to Know (RTK) Plan will alert students, employees, and visitors to potential problems before they occur and/or direct them to helpful resources if and/or when problems do occur.

## **2 RESPONSIBILITIES**

3

The development and continued update of the RTK Plan is the responsibility of the WITC Safety Office, Human Resources. It is the responsibility of all students, employees and visitors to maintain a safe and supportive learning and working environment. Questions concerning any of the information contained in the RTK Plan should be directed to the Safety Office, Human Resources at WITC Administrative Office, 505 Pine Ridge Drive, Shell Lake, WI 54871, telephone 800/243-9482 OR 715/468-2815. Email: HumanResources@witc.edu. TTY: 711.

## **3 ALCOHOL AND OTHER DRUG USE**

### **3.1 Standard of Conduct for Drugs and Alcohol**

WITC believes the use and abuse of alcohol and other drugs interferes with a person's ability to learn and grow in the college environment. To that end, the College has established the following alcohol and drug policy for students, staff and visitors.

- A. The use, possession, manufacture, delivery or sale of illegal drugs is prohibited at all WITC campuses and other instructional sites as well as at all WITC sponsored activities.
- B. The possession and/or use of any beverage containing alcohol, including beer and other malt beverages, wine, wine coolers or distilled beverages on College property is prohibited except when approved by the President or designee under special very limited circumstances where use of alcoholic beverages is appropriate.
- C. The possession and/or use of alcohol as a part of any off-campus, College-sponsored activity without prior approval from the President (or his designee) are prohibited. If alcoholic beverages are present with authorization at any WITC-sponsored activities, provisions must be made to accommodate any student under 21 years of age. All College-sponsored student activities (using tax dollars and/or activity fees) must be open to all students regardless of age.
- D. The consumption of alcoholic beverages is prohibited during the program/activity portion of any educational field trip or while in transit to/from the campus.
- E. The use of alcoholic beverages in any WITC Conference Center is not to be encouraged and will be authorized only in rare and unusual circumstances with the prior approval of both the local Campus Administrator and the President.
- F. The expenditure of student activity fees for alcoholic beverages is not allowed.
- G. The advertising of alcoholic beverages is prohibited on WITC property and in College publications.
- H. Any student or employee who violates this policy or exhibits disruptive/abusive behavior while on WITC property, while at other WITC instructional sites or while attending any WITC-sponsored activity may be asked to leave/be escorted from the premises. In the case of serious behavioral problems, law enforcement personnel will be called.

- I. Please refer to the policies and procedures that govern international educational activities for guidelines and requirements regarding standards of conduct for drugs and alcohol while participating as a student, employee or visitor of any WITC sponsored/affiliated international program.
- J. Staff or students found in violation of this policy will be subject to disciplinary action which may include written reprimand, suspension, expulsion, or loss of employment, and/or referral to law enforcement authorities. Rehabilitation may be a condition for continued association with the College.

### **3.2 State of Wisconsin and Federal Legal Sanctions**

Substantial restrictions against alcohol abuse exist in Wisconsin. It is against the law to sell alcohol to anyone who has not reached the legal drinking age of 21. There is a concurrent duty on the part of an adult to prevent the illegal consumption of alcohol on his/her premises, **Wis. Stats. 125.07**. Violation of this statute can result in a \$500 fine. It is against the law for an underage person to attempt to buy an alcoholic beverage, falsely represent his/her age or enter a licensed premise. Offenders can be fined \$500, ordered to participate in a supervised work program, and/or have their driver's license suspended. Harsher penalties exist for retailers of alcoholic beverages, including up to 90 days in jail and revocation of their retail liquor permit.

The laws of Wisconsin also prohibit drug possession and delivery through the **Uniform Controlled Substances Act, Wis. Stats. 961**, which mandates penalties of up to 30 years in prison and fines of up to \$1,000,000. A person with a first-time conviction for possession of a controlled substance can be sentenced up to one year in prison and fined up to \$5,000. Penalties vary according to the type and amount of drug confiscated, the number of previous offenses by the individual and whether the individual intended to manufacture, sell, or use the drug. In addition to the penalties for possession or delivery, sentences can be doubled when other offenses are involved, such as when a person distributes a controlled substance to a minor.

The federal government has recently revised the penalties against drug possession and trafficking through its Federal Sentencing Guidelines, which reduce the discretion that federal judges may use in sentencing offenders of federal drug statutes. Under these guidelines courts can sentence a person up to 6 years in prison for the unlawful possession of a controlled substance, including the distribution of a small amount (less than 250 grams) of marijuana. A sentence of life imprisonment can result from a conviction of possession of a controlled substance that results in death or bodily injury. Possession of more than 5 grams of cocaine can trigger intent to distribute penalty of 10-16 years in prison, **United States Sentencing Guidelines 202.1(b)(1)**.

### **3.3 College Sanctions**

#### **Employees**

An employee found to be in violation of the Drug-Free Workplace policy and/or the Drug-Free Schools policy will be subject to discipline and penalties up to and including termination. Discipline taken could also include that the employee be required to satisfactorily participate in a drug abuse rehabilitation program, at their own expense, before being allowed to return to work. Disciplinary action will be taken as soon as is administratively possible from when WITC learns that a conviction or violation has occurred, however, a conviction is not required for the College to take appropriate disciplinary action.

#### **Students**

A student found to be in violation of the Alcohol/Drug-Free College policy will be reported to law enforcement agencies when appropriate as well as subject to disciplinary action, up to and including dismissal or termination (if employed) from the College.

## **4 COLLEGE SECURITY POLICY AND CRIME STATISTICS**

### **4.1 College Security Policy**

The College works to maintain a high level of safety and security at all of its campuses and outreach centers. The following information is provided in conjunction with that commitment and in conformance with the guidelines of the **Crime Awareness and Campus Security Act of 1990**, known as the Clery Act.

#### 4.2 Campus Law Enforcement

The College does not have its own security force, however, a cooperative and professional relationship exists between the College and the police departments in each of the cities where facilities are located. Information is exchanged with law enforcement agencies regarding security reports in order to maintain informed cooperative efforts in preventing campus crime and resolving crime-related problems.

#### 4.3 Reporting of Criminal Actions

To report a security situation **contact the Information Services desk** at the location (campus or administrative office) at which the incident occurred as quickly as possible. #Vicinity defined as the public sidewalk that borders the campus, the public street running along the sidewalk, and the public sidewalk on the other side of the street.

### **How to Obtain Information about Crime Prevention**

### **Criminal Activity of Off-Campus Student Organizations**

WITC currently does not recognize any off-campus student organization. Student conduct codes enumerate and describe acceptable behavior and sanctions for misconduct actions relating to drugs and alcohol, assaults, weapons and other security-related concerns whether on or off-campus.

### **Alcohol and Drug Policies**

WITC has developed policy and procedures regarding the possession, use and sale of alcoholic beverages and enforcement of state underage drinking laws and a statement of policy regarding the possession, use, and sale of illegal drugs and enforcement of federal and state drug laws and a description of any drug or alcohol abuse education programs. These policy statements are included in the RTK Plan.

## **5 UNLAWFUL DISCRIMINATION/HARASSMENT/SEXUAL HARASSMENT/SEXUAL MISCONDUCT/SEXUAL VIOLENCE**

Whenever possible, the "Unlawful Discrimination/Harassment/ Sexual Harassment/Sexual Misconduct/Sexual Violence Complaint Form" should be used to provide the information requested. The complainant and the respondent will be advised of the College policy and procedures when filing a complaint.
3. In accordance with Wisconsin law, a complaint alleging discrimination must be filed within 300 days of the alleged violation; however, a more immediate reporting of the incident will facilitate a prompt and thorough investigation of the facts and circumstances involved.
4. The filing of a report with the College does not restrict a person's right to seek redress through avenues outside of the College.
5. Retaliatory action against anyone filing a legitimate report for any type of unlawful discrimination/harassment, including sexual harassment/sexual misconduct/sexual violence, is strictly prohibited.

## 5.3 Investigation

Upon receipt of a complaint and/or Unlawful Discrimination/Harassment/Sexual Harassment/Sexual Misconduct/Sexual Violence Complaint Form, the Vice President, Human Resources & Risk Management will authorize an investigation of the incident(s) in question and seek prompt and equitable resolution of the matter. The specific steps of the investigation will vary based on the nature of the allegations and other factors; however, the College's inquiry will be prompt, thorough and impartial. Within ten (10) working days or school days from the receipt of the complaint or as soon as is administratively possible, the Vice President, Human Resources & Risk Management will initiate the following as needed:

1. Conduct individual meetings with the person who filed the complaint and with other persons identified in the complaint as being either witnesses to or responsible for the alleged violation(s).
2. Conduct group meetings with the principal parties involved in the incident(s) in question, as necessary.
3. Attempt to resolve the matter to the mutual satisfaction of the principal parties involved. The resolution actions may include advisement, investigation, observation, sensitivity training, accommodations, disciplinary action up to and including termination or expulsion, and reporting criminal activity and/or specific counseling for behavior modification. If the matter cannot be resolved to the mutual satisfaction of the principal parties involved, the individual will have the option to proceed to an appeal hearing with the Board of Trustees (Board). The appeal hearing would be in accordance with the Appeal Process (section 4).

#### **5.4 Findings**

If there is a preponderance of evidence to believe that a violation(s) has occurred, the College will take appropriate action. Individuals discriminating against students or employees will be subject to discipline under appropriate WITC policies. The College will also take other necessary corrective action to remedy any instances or effects where unlawful discrimination/ harassment/sexual misconduct/sexual violence is determined to have occurred. Notice of the action will be sent to the principal parties involved.

#### **5.5 Appeal Process**

Within five (5) working days or school days following notification of the action taken by the College, either of the principal parties involved may file an appeal with the WITC President for a hearing with the Board. The Board will, if practical, consider the request for appeal at its next regularly-scheduled meeting (but not sooner than 30 days or later than 60 days from receipt of the request for appeal), and may deny the appeal, overturn the original decision, or remand the matter for a partial or complete review, citing specific matters to be considered. The disposition of the Board is final and there shall be no further appeal within the College of the matter.

#### **5.6 Restriction**

1. Action relating to employment and/or enrollment should not be taken for or against a person until a report of unlawful discrimination/harassment has been resolved, unless such action is deemed necessary to the well-being or safety of the people involved in the action or to the function of the College or when such action/decision is part of the usual business of the College.
2. Inasmuch as this review process represents an administrative inquiry into the facts and circumstances surrounding a report of unlawful discrimination/harassment/sexual harassment/sexual misconduct/sexual violence, the use of legal counsel and/or representation is not permitted. However, nothing in these procedures will preclude an employee's or student's right to seek other avenues of redress outside of the College including a complainant's right to file a criminal complaint, as appropriate.

#### **5.7 Documentation**

A record of all complaints must be maintained and forwarded to the College's Vice President, Human Resources & Risk Management for reporting purposes in compliance with federal and state laws.

WITC will submit a report by September 1st to the Board and the Wisconsin Technical College System Board specifying the number of complaints received in the previous school year and the disposition of each such complaint.

In compliance with Section 36.11(22) Wisconsin Statutes and concern for students and employees, WITC

provides the following information:

## **5.11 Protective Behaviors**

### **Being Aware**

Being aware that sexual assault can happen anywhere to anyone is the first step in self-protection. Thinking that sexual assault only happens to someone else could increase the chances of actually becoming a victim.

The next step is to decrease assault opportunities by increasing the opportunities of protection:

- Be aware of the people who are around you (i.e. on the street, in the elevator, on the bus.)
- Be aware of areas of potential danger: high crime areas, unlit streets, vacant lots, alleys, dark doorways, and parking lots. Be aware of areas where you can seek help: 24-hour stores, police station, houses with lights on, restaurants, and hospitals.
- Know the facts about sexual assault and sexual misconduct including date rape, domestic violence,

stalking, and other inappropriate actions.

### **Assertiveness**

First learn to present yourself as strong and capable. Appearing shy and afraid are signals to an assailant that you will be an easy victim.

- Body language: make eye contact with people on the street approaching you and those you meet in elevators; walk erect with a firm step.
- Appear confident.
- If you are approached don't be afraid to make a scene. As a person you have rights. If someone violates you in any way, you do not have to tolerate it.
- You have the right to say no. Say it as loudly and as often as you need to. Sounding like a broken record may eventually discourage the potential attacker.
- Know you have the right to set sexual limits.
- Communicate those limits.
- Be honest with people about what you want or don't want.
- Trust your feelings. If you feel you are in danger, you're probably right.
- Act on those feelings; do not ignore them. Walk or run away, get angry, seek help.

## **5.12 How to Avoid Sexual Assault Situations**

### **Home**

We all like to feel safe in our homes and apartments and often don't consider the possibility of being attacked while at home. There are some ways, however, that you can make your home safer.

- Do not allow anyone in your home with whom you are not comfortable or do not know
- Always check identification of repair/sales people before opening your door. If you have doubts, call the employer.
- If you live alone, do not advertise it. Use only last name on mailbox and first initial and last name in phone book.
- Teach children not to open the door or give out information by phone about who is home, or how long they may be out.
- When you come home, if you notice any signs of tampering on doors or windows, do not go inside. Leave immediately and call police.
- Install dead bolt locks and a peephole viewer in the door and use them.
- Never open your door without knowing who is on the other side.

### **While Driving or Riding**

Be especially cautious even when driving your car and/or using public transportation. Reduce risks by taking these precautions.

- Have keys ready in your hand for your car or home.
- Park your car in well-lighted areas.
- After entering or leaving your car, always lock the door.
- If you think you are being followed, drive to a public place or police station.
- When taking public transportation wait in a well-lighted place.
- Notice who gets on and off with you.
- Sit near the driver.
- If you feel you are being followed by someone, go to the nearest well-lighted area or house/business and request help.

### **Date or Acquaintance Rape**

We all have the right to pursue a social life without being hindered by the fear of sexual assault. However,

the reality is that people are more often assaulted by people they know than by strangers. Both direct attacks by strangers and subtle coercion by dates or friends can be considered sexual assault because neither offers choice. It is important to remember that every person has the right to set social/sexual limits.

The following are common examples of how and when women and men may feel pressured, intimidated or coerced into sex.

- Date expects sex in exchange for buying dinner or drinks.
- “If you love me, you’ll have sex with me.”
- “Nobody will believe you didn’t want to have sex with me when you invited me in after our date.”
- “We’re married. It’s your duty to have sex with me.”

If you feel your date or partner is pressuring you into sex you don’t want, be assertive in expressing your feelings. Every person has the right to say “NO.”

### **If Attacked**

Because all people and all situations are different, there is no one-way to protect yourself. We all have different capabilities and you must decide for yourself the best defense method for you. Don’t panic. THINK.

There are many factors that will determine how you may react. Make a quick assessment of the situation. Is there a weapon involved? Is there available help? Is there a means of escape? Do you have something you could use as a weapon or could an element of surprise throw the attacker off guard? There is no wrong decision. You’ll do what you have to do to survive.

### **Immediate assertive action has been shown to be effective in many situations.**

If the assault can’t be prevented, concentrate on identifying characteristics so you can make an accurate report to the police. Reporting sexual assaults or attempted assaults to the police is a personal decision. Reporting can help prevent the assailant from victimizing others in the future.

After an assault, do not change clothing, shower, bathe or apply medication, even though this would be your natural reaction. The physical evidence will be important in the prosecution of the attacker should you decide to report the assault.

It is recommended that you have a medical exam not only for collection of evidence, but also because of the possibility of injury, pregnancy or venereal disease.

### **6 OTHER RIGHT TO KNOW INFORMATION**

In addition to information provided regarding safety and security, alcohol and drugs, student misconduct and campus crime, the following right to know information is provided in accordance with standards established by the Occupational Safety & Health Administration (OSHA) and the Department of Safety & Professional Services (DSPS).

#### **6.1 Exposure Control Plan**

In accordance with OSHA standard 29 CFR 1910.1030 Bloodborne Pathogens Exposure Control and DSPS 332 Public Employee Safety and Health, an Exposure Control Plan (ECP) is provided for WITC employees to eliminate or minimize occupational exposure to bloodborne pathogens and other infectious materials. The ECP is a key document to assist in implementing and ensuring compliance with the standard, thereby protecting employees. The ECP includes:

- Determination of employee exposure;
- Implementation of various methods of exposure control, including:
  - Universal precautions,
  - Engineering and work practice controls,
  - Personal protective equipment, and
  - Housekeeping
- Hepatitis B vaccination program;
- Post-exposure evaluation and follow-up;
- Communication of hazards to employees and training;
- Recordkeeping; and
- Procedures for evaluating circumstances surrounding an exposure incident.

A copy of the ECP can be found on The Connection or by contacting the Safety Office, Human Resources.

#### **6.2 Chemical Hygiene Plan**

The WITC Chemical Hygiene Plan (CHP) is intended to provide guidelines for individuals working in campus laboratories. The CHP describes policies, procedures, equipment, personal protective equipment, and work practices that are capable of protecting laboratory personnel from the health hazards in laboratories. In addition, the CHP has been established by WITC to meet the requirements of DSPS in Chapter 332 and also addresses OSHA rule 29 CFR 1910.1450 and 29CFR 1910.1200. The laboratory supervisors/instructors will produce standard operating procedures to accompany the CHP to suit their individual needs and more accurately portray the hazards and controls of their laboratories.

A copy of the CHP can be found on The Connection or by contacting the Safety Office, Human Resources.

### **6.3 Hazard Communication**

The Hazard Communication Standard 29 CFR 1910.1200 (HCS) implemented by OSHA requires employers to provide information to employees and regarding the hazardous chemicals in the workplace and the hazardous properties of these chemicals. This information must be disseminated through a Hazard Communication Plan (HCP) involving labeling, safety data sheets (SDS), employee training, employee access to written records, and a written hazard communication plan. The implementation of the HCP will ensure all employees the “right-to-know” the hazards and identities of the chemicals with which they work.

The HCP applies to any chemical that is known to be present in the workplace in such a manner that employees may be exposed under normal conditions of use, or in a foreseeable emergency. In accordance with OSHA regulations, employees working in a laboratory setting are covered under WITC’s Chemical Hygiene Plan and are not included in the Hazard Communication Plan. The OSHA standard, 29CFR 1910.1200 sets out a procedure for hazard determination and any substance determined to be hazardous under this procedure is subject to the program. The definition of “hazardous chemical” under the standard is extremely broad, and includes any chemical that is a physical or health hazard. For determination of physical and health hazards associated with products, employees should rely on the evaluation performed by the chemical manufacturer or importer transmitted via SDS.

WITC’s HCP is designed to:

- Reduce the likelihood of injury or illness to employees by implementing specific procedures to identify and evaluate the chemical hazards in the workplace and then inform and train employees on those hazards.
- Ensure that all individuals at risk are adequately informed about the chemicals used and stored in the workplace.
- Outline procedures for all employees working with hazardous chemicals.

A copy of the HCP can be found on The Connection or by contacting the Safety Office, Human Resources.
