

# Paramedic Technician Pathway

EXPERIENCE. SUCCESS. ONE STACKABLE CREDENTIAL AT A TIME.

Career Pathways are an innovative model that connects progressive levels of education allowing you to build upon your education in increments. Along the way you develop job skills, have potential for higher earnings, and become more marketable to employers. WITC also has support services available to help you along the pathway, including Study Skills, Employment Services, Accommodations, Financial Aid, and others.

The Emergency Medical Technician-Paramedic (EMT-Paramedic) Program is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon recommendation of the Committee on Accreditation of Education Programs for the Emergency Medical Services Professions (CoA EMSP). This will enable our graduates to take the Wisconsin Paramedic licensing examinations upon successful completion of all portions of their technical studies courses

\*Tuition and book costs are for the entire program during the 2016-2017 school year (total credit amount listed). If you have completed previous credits and/or an embedded technical diploma that transfers into the more advanced program, your program costs may be less. Please speak with a WITC representative if you have questions on how costs are determined. Costs may vary by campus and are subject to change.

\*\*Data compiled from Wisconsin's Worknet, June 2016. When possible the average wages are figured from all 11 counties representing the WITC District. <http://worknet.wisconsin.gov/worknet/wagecomparison.aspx?menuselection=ca/WITC> data is from the 2014-2015 Graduate Follow-Up Report. Paramedic Graduate follow up data is from the 2015 WTCS Graduate Outcomes Report.

Experience. Success.
