

Technical Studies - Journeyworker

10-499-5 Associate Degree

Financial Aid Eligible

Program Overview

The apprenticeship associate degree in Technical Studies - Journeyworker is designed for students who are looking for a specialized course of instruction which is not available in existing programs. The program allows you to receive advanced standing credit for previous apprenticeship work and then create a unique associate degree. You will be required to complete a program plan with WITC career counseling staff and identify your career objectives and which courses will help you meet those objectives.

Offered at:

**Ashland
New Richmond
Rice Lake
Superior**

Student Profile

The technical studies option is designed for students who have:

- Journey-level certification from an apprenticeship program
- 400 hours of related instruction in the Wisconsin Technical College System

Preparation for Admission

The following experiences will help you prepare for this program:

- High school diploma or GED
- Work experience

Program Outcomes

This unique degree will:

- Provide direction to the student in pursuit of specific occupational outcomes.
- Allow you to meet individual career goals which cannot be achieved through enrollment in any single instructional program currently available at the college.
- Meet the needs of students who want to pursue an Associate of Applied Science Degree on either a full- or part-time basis.
- Help identify new and emerging occupations for new or modified programs.

Career Outlook

The degree gives you the flexibility to meet the educational goals of new and emerging occupational fields. Employers also benefit from the flexible program that helps them meet their own specific employee training needs as new technologies and methods emerge in the business world.

Curriculum

Number	Course Title	Credits
	General Studies Core	21
	Communications	6
	Social Science	3
	Behavioral Science	3
	Math and/or Science	3
	Additional General Studies	6
