

Alumni Association

The WITC Alumni Association unites the graduates of the college in a common bond. This organization supports and promotes recognition of the value of postsecondary technical education. Alumni participate in college activities such as awards programs, graduation exercises, and serve as members of WITC advisory committees. Each year the Alumni Association presents its Distinguished Alumni Award (the highest form of recognition for a WITC alumnus/alumna) and its Alumni Association Endowment Scholarship (a student scholarship) and sponsors professional development seminars. For more information on the WITC Alumni Association, contact the Foundation office at 715.468.2815 or your campus College Advancement Associate.
