Student Identification Numbers
As of January 1, 2000, Wisconsin Act 128 limits the disclosure and release of student social security numbers. In order to comply with Act 128, WITC will assign a unique identification number to each student. This identification number will not incorporate the student’s social security number. However, WITC will continue to collect and report student social security numbers for state and federal reporting requirements. WITC will ensure that student social security numbers remain confidential.
