

# STUDENTS FIRST!

As a Wisconsin Indianhead Technical College student, your success is our success. You are the first priority of every WITC faculty and staff member. This handbook will help you learn more about the many resources the College offers and will provide information that will help you succeed. It is also available online for your convenience at [witc.edu/catalogs/handbook](http://witc.edu/catalogs/handbook).

You have chosen a path that will have a dramatic impact on your life. Education is the key to opportunity and opportunity is the door to success. Balance between study, work, and recreation will keep your motivation high. We offer many student activities and services meant to supplement and expand your classroom experiences. Student Senate, clubs, and organizations are just a few options that may help you develop additional skills in teamwork and leadership.

We also encourage you to look around the college and the community for service and volunteer opportunities that will provide you with a well-rounded perspective that enhances your studies.

WITC is delighted that you have selected us as your college. Remember, we are happy to help you along your learning journey as you fulfill your goals and achieve your potential.

Warmest regards,

Charles H. Levine  
Interim President
