Page Break

This line indicates a **page break** will happen here when printing

## Grade History

The **Grade History** page in the **Grade Center** acts like a log file that records all of the changes that occur to grades within a Course. The Grade History page displays all the data for grade submissions within a set date range. It is possible to manipulate the view and export the information.

### Altering the View of Grade History

The Grade History page can be filtered to display entries within a date range. It can also be sorted to display items by column name, score, or date.
