**\*Your Choice** is the ultimate in flexibility, allowing you to decide how to attend each class period. Choose between live instruction (streamed through ITV on campus or through BlueJeans virtually to your device) and fully online instruction, where you can view the class lecture on your own time. This allows you the flexibility of completing activities and assignments at a time that works for you while also giving you the option to have virtual face time with the instructor and your classmates. **\*\*WITC FLEX** allows you to customize class hours within the scheduled class time with an instructor present. You will work at your own pace while meeting assignment and exam due dates free of large group lectures/presentations. You are not required to attend all scheduled times; however, you are required to complete a flex course orientation before beginning the course.
