Due to COVID, Your Choice classes will be delivered in real time using web conferencing, and not on campus. \*This class requires a specified amount of time online in addition to regularly scheduled face-to-face classroom hours.  
Actual online class participation is determined by you based on your schedule or as communicated by your instructor.

◆ The Flex method of instruction allows the student to customize class hours within the operational hours of the lab and have an instructor present at set times to offer face-to-face help and guidance. Although there will be no large group lectures or presentations, students will be provided with a variety of learning tools. Students will work at their own pace while meeting assignment and exam due dates to ensure successful course completion. Students are not required to attend all scheduled class times; however, students are required to attend a course orientation before beginning the course.

Please be advised that low enrollment class sections may be cancelled.  
You will be contacted by Student Services with information on other class sections available in alternate formats.
