

As a high school student, you can earn college credit and save money on college tuition with WITC Dual Credit courses. A 3-credit course may save you nearly \$450 in tuition and can be transferred to WITC and other colleges (one credit = \$148). See which Dual Credit courses are currently being offered at your high school. Determine your course load and calculate your savings! **[For example: Introduction to Business (3 credits) + Marketing Principles (3 credits) = \$888 approx. savings.]**
