Review Date: June 2023

Introduction and Rationale:

The University of Wisconsin-Superior maintains an educational partnership with Wisconsin State Colleges and Universities to provide opportunities for students to enter bachelor's degree completion programs. In the interest of fostering cooperation between our institutions, and to better serve the transfer of students from Wisconsin Indianhead Technical College to the University of Wisconsin-Superior, the faculty and administration of our institutions have established this articulation agreement.

This Agreement specifies the transfer of credit from the Wisconsin Indianhead Technical College Associate Degree named above to the UW-S Bachelor's Degree named above in recognition that the WITC program prepares students for admission to this Bachelor's degree program. The underlying assumption for this Agreement is that the college provides a foundation of occupational courses and the University provides the upper-level courses required within the Bachelor's degree program.

WITC students who successfully complete the Finance Associate of Applied Science degree wishing to transfer to the University of Wisconsin-Superior will be awarded the following credits toward a B.S. Degree in Business Administration.
