

**Wisconsin Indianhead Technical College  
Nursing-Associate Degree Program**

**Clinical Verification Form**

The deadline for all clinical verifications is **July 15, 2020**. Verification of required immunizations **MUST** be official documentation (clinic/school records, lab reports, WIR website). Dates written on your health form will not be accepted as verification of immunizations.

This includes:

- Wisconsin Background Check
- Minnesota Background Check (if applicable)
- National Background Check
- CPR for Healthcare Providers Certification
- Completed health form with physical exam (within 90 days of first day of class)
- Evidence of Mantoux
- TDAP (tetanus boosters are good for 10 years)
- Hepatitis B Vaccine or Declination
- MMR X 2 or Titers for rubeola, mumps, & rubella (1)
- Varicella titer or immunization must be provided. A verbal history of disease is no longer acceptable.

I, \_\_\_\_\_, understand that if I do not submit all of the above verifications on or before the due date of July 15, 2020, I will forfeit my position in the ADN program. If Student Passport rejects any of your documentation, you will have until July 31, 2020, to correct the problem and upload it to Student Passport's website. All corrected and updated documentation must be completed by the July 31, 2020, deadline or you will forfeit your position in the ADN program. You will be dis-enrolled in all courses; your position will be given to the next fully verified person on the alternate list and you will have to re-petition for a spot in the program. You also understand that per college policy, WITC email is the primary means of communication and that you are responsible for frequently monitoring my WITC student email for any communication from your instructors.

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

This form must be signed and submitted to your campus specific dropbox.
