Preparing for Level II Fieldwork Assignment

Students will complete and turn in the *Letter of Introduction* (sample provided to students on page 2) and *Student Profile* (sample provided for students on page 3) to the Academic Fieldwork Coordinator (or person indicated) by November 15. The *letter of Introduction* is intended to confirm dates and times for each Level II placement.

These letters and profiles should be individualized to you (the student) and the fieldwork experience.

By December 1st, students will provide the Academic Fieldwork Coordinator with two (2) of the following (one for each fieldwork Site): (with no errors)

- An unsealed, stamped envelope addressed to the Fieldwork Site
- An individualized *Letter of Introduction* and
- An individualized *Student Profile*

Your WITC Academic Fieldwork Coordinator will mail the final copy of these documents to your fieldwork educators one month prior to your start date. In order for you to participate in Level II Fieldwork these documents must be approved and submitted to the WITC Academic Fieldwork Coordinator.
