

Experience. Success.

March 2019

Dear Dental Assistant Student,

Part of the core DA curriculum includes courses with a clinical component; therefore you will need to purchase the following items:

1. Navy blue warm-up jacket (most students purchase three).
2. Navy blue "scrub" top
3. Navy blue "scrub" pants (style of your choice/ hem your pants if necessary).
4. White lab coat—there are two styles from which you may choose
5. WITC ID/Name Badge—you are able to obtain these from your local campus.
6. White Shoes. These must be white (with minimal colored trim) and supportive. Athletic and shoes made specifically for health occupations work best. *Clogs, canvas, and "deck" shoes **ARE NOT** acceptable.
7. Blood Pressure Cuff and Stethoscope
8. Nitrile Gloves (obtain from WITC-Rice Lake bookstore)
9. Safety Glasses (must be medical)
***make sure you try on the nitrile gloves and the safety glasses to ensure they fit you!*

If you have previously purchased these items, you need to get approval by Dental Assistant Program Director for them to be used as a substitute for the items listed.

Contact the Dental Assistant Program Director for further questions.

Uniforms can be purchased through local uniform shops or via the Internet.
