### **DA COURSEWORK**

DA courses are developed so that they must be taken in order. In addition, there are limits on the number of times a course may be repeated and the number of courses that can be repeated in this program. If you have failed courses or have been dismissed from another DA program, conditions may be placed on your progress in the program.

### **CLASS COMMITMENT**

The average amount of time spent in the classroom for a full-time student is approximately 32-35 hours per week. In addition to scheduled class time, students will need to spend a significant amount of time studying for each class. This represents a significant time commitment and most students find it necessary to reduce work hours during the program.

### **TRANSFER CREDIT**

Official college transcripts are required for any college coursework that has been completed. Official college transcripts must be sealed and sent from the sending institution.

### **DA PROGRAM STANDARDS**

DA students must complete all required courses with a 2.0 or better. In addition, all DA (508-xxx) courses must be passed with a satisfactory performance in professionalism components, clinical, and observation requirements. A DA student may repeat a core course only **once**. In addition, students enrolled in the DA program may repeat only **two** core courses in the program during their progress toward graduation. This policy also applies to coursework taken at other colleges.

### **COMPUTER NEEDS**

Since all Dental Assistant courses include a web-based component, students are required to have computer and internet access.

### **ACCREDITATION**

The program in dental assisting is accredited by the Commission on Dental Accreditation [*and has been granted the accreditation status of "approval without reporting requirements"*]. The Commission is a specialized accrediting body recognized by the United States Department of Education. The Commission on Dental Accreditation can be contacted at (312) 440-4653 or at 211 East Chicago Avenue, Chicago, IL 60611. The Commission's web address is: <http://www.ada.org/100.aspx>

### **GRADUATE SALARY EXPECTATIONS**

Graduates earn between \$24,000-\$44,197 annually. The most recent graduate follow-up study indicates the average yearly salary to be \$31,264.
