CPR REQUIREMENTS

1. You must obtain/maintain current CPR certification on the first day of the Spring Semester of the first year of core courses. Provide your lab instructor with a signed copy on the first day of Spring Semester of the first year of core courses.

2. CPR must include infant, child, and adult and be either American Red Cross or American Heart Association. Online CPR certification is **not** accepted by WITC OTA program.

3. The Red Cross certification must be the “CPR for the Professional Rescuer” and requires renewal every two years. The American Heart Association certification must be “CPR for Healthcare Providers” and requires renewal every two years.

4. Keep a copy of your current CPR certification. A copy of your current certification must also be kept by the Program Director/Instructor at all times during your enrollment in the OTA program. This is part of your Health Record.

5. It is the student’s responsibility to maintain current certification throughout the entire OTA program. *This includes fieldwork I and II.* Students will not be able to participate in off campus activities and/or Fieldwork without proof of current CPR certification.
