

WISCONSIN INDIANHEAD TECHNICAL COLLEGE

Health & Medical Insurance

WITC strongly encourages students to carry their own comprehensive health and medical insurance, or student accident insurance, while participating in the educational experience program.

Additional Malpractice Insurance

WITC provides a blanket malpractice insurance policy for all health occupations students during their programs.

Some students decide to purchase additional malpractice insurance. Any additional coverage is voluntary. Health students can expect to pay approximately \$30-50/year for this additional malpractice insurance coverage.

For more information, contact your personal insurance agent, or sources on the internet.
