

Start College Now opens the door to greater learning opportunities for students motivated to get started on their careers and ready to try a new learning environment.

➤ **Start College Now is for public high school juniors and seniors with:**

- Good academic standing
- Completed course prerequisites
- Written approval from a parent or guardian
- No history of disciplinary problems
- Local district approval

➤ **Items needed**

- A completed Start College Now application approved and signed by the school district
- A current high school transcript
- ACT scores, if available

➤ **Deadlines**

Students should submit an application to their school district by March 1 for the fall semester or October 1 for the spring semester. Students wanting to enroll in summer courses should consult with their high school regarding options. Forms are available in the high school guidance office or see the high school counselor for more information.

➤ **Costs per 38.12(14)**

The school district is required to pay the cost of tuition, course fees, and required books.

Additional costs such as testing fees, background checks, and supplies may be covered at the discretion of the school district.

Transportation to and/or from the technical college is the student's responsibility.

Interested?

Forms are available in your high school guidance office or see your high school counselor for more information.

Instructions and the Start College Now Application can also be found at witic.edu/start-college-now.

Submit an application to your school district by March 1 for the fall semester or October 1 for the spring semester.

Contact your high school counselor prior to contacting WITC.

505 Pine Ridge Drive
Shell Lake, WI 54871

➤ Save up to \$2,700 on tuition costs!
Based on 2019-2020 tuition costs

Eligibility policies for participation vary by school district. Contact your high school counselor for options in your area.

APPLY BY MARCH 1

Students who earn industry recognized credentials, including technical diplomas prior to high school graduation, may earn funding for their school district through the Career and Technical Education (CTE) Incentive Grant program. Grants from this program incentivize school districts to offer high-quality career and technical education programs that mitigate workforce shortages in key industries and occupations. The grants reimburse up to \$1,000 for each pupil in a school district earning an approved industry-recognized certification prior to high school graduation.
