Program Progression

General Education and specified Medical Assistant (MA) courses may be taken either prior to or concurrently with MA program clinical or skills-based courses. MA program clinical or skills-based courses must be taken in the sequence listed on the Medical Assistant Program Fact Sheet.

The following courses may be taken prior to beginning the clinical or skills-based courses. See Fact Sheet for pre- and co-requisite requirements.

❖ Medical Terminology	10-501-101	3 Credits
❖ Human Body in Health and Disease	31-509-302	3 Credits
❖ English Composition 1	10-801-136	3 Credits
❖ Medical Law, Ethics and Professionalism	31-509-309	2 Credits
❖ Digital Literacy for Healthcare	10-501-107	2 Credits

All required courses **must be successfully** completed prior to registering for 509-310, Medical Assistant Practicum.
