

WISCONSIN INDIANHEAD TECHNICAL COLLEGE PLAN OF REPRESENTATION

The Wisconsin Indianhead Technical College will be organized into six regions for the appointment of College Board members.

- Region 1 Douglas County
- Region 2 Ashland, Bayfield, and Iron Counties
- Region 3 Rusk, Sawyer, and Washburn Counties
- Region 4 Burnett and Polk Counties
- Region 5 Barron County
- Region 6 St. Croix County

This regional division divides the college district into six regions with approximately 16.65 percent in each region of the district's population. The regions range from 10.80 to 25.20 percent of the district's population or a spread from lowest to highest of approximately 14.40 percent. The following board member classification is assigned to each region:

REGION	% OF DISTRICT	COUNTIES	CATEGORY
Region 1	14.30	Douglas	Employee
Region 2	10.80	Ashland, Bayfield, and Iron	Additional
Region 3	15.30	Rusk, Sawyer, and Washburn	Employer
Region 4	19.30	Burnett and Polk	Additional
Region 5	15.00	Barron	Employee
Region 6	25.20	St. Croix	Employer
Districtwide			School District Administrator
Districtwide			Elected Official
Districtwide			Additional

The school district administrator will be selected from the school districts within the WITC district. There shall not be more than three school district administrators on the Board.

No region will have more than two members on the Board.

Board members must live in the district and are selected for member positions (regions) based on the county in which they live, not the county in which they own a business.

Additionally, no two members of the College Board may be officials of the same governmental unit nor may any College Board member be a member of the school board which employs the school district administrator.

Of the three additional members, no more than two may be employers and no more than two may be employees.

The Appointment Committee for the Board of the Wisconsin Indianhead Technical College District will give equal consideration in its appointment of board members to:

- a. The general population distribution within the college district.
- b. The distribution of women and minorities within the college district.

The Appointment Committee will achieve this requirement by active recruitment of women and minorities within the district and their appointment when possible.
